POLITICAL FIGHTS IN OTHER STATES

Rain Threatens to Cut Down Ohio's Vote To-Morrow, but Republicans Claim a Plurality of Nearly 100,000.

RHODE ISLAND IS IN DOUBT.

Republicans Hope to Elect a Governor in Maryland, But Legislature is Almost Certain to Be Democratic.

COLUMBUS, O., Nov. 2.-With inditotal vote may be much less than 900,000 on which he Republicans have been estimating their plurality at nearly 100,000 for Governor and other State officers with from forty to fifty majirity in the Legislature on joint ballot for United States Senator. The 'Democrats' give no figures on the State ticket and counting doubtful counties in their favor es-timate a Democratic majority in the Legislature of five on joint ballot.

One statemen from the Democratic State headquarters says the Legislature might stand on joint ballot seventy-two Democrats to seventy-one Republicans. Republicans are offering bets on ag high as 75,000 plurality and that the majority on joint ballot in the Legislature will even exceed that of two years ago when the Republicans carried severa had the very unusual majority of thirty-flye on joint ballo in re-electing Senator Foraker. Democratic districts and counties and

While there are several doubtful countries the most ties the most important one in that list is Cuyahoga, the home of Hanna and Clarke and of Herrick and Johnson, the candidates for Senate and Governor.

There have been fewer arrests for false registration than heretofore, and there is every indication that the election will be quiet.

RHODE ISLAND IN DOUBT.

PROVIDENCE, R. I., Nov. 2.-The political leaders of the State were making final arrangements for to-morrow balloting. The Republcan campaign was concluded Saturday night. To-night the final rally of the Democrats will be held, with Gov. Garvin, Congressman Granger and others as speakers.

The Democrats were claiming the Legislature.

VERY CLOSE IN MARYLAND.

MERY CLOSE IN MARYLAND.

BALTIMORE, Md., Nov. 2.—Had the election in Maryland been held two weeks ago it is probable that the Democrats would have carried the State by a confortable majority. Since then the Republicans have gained heavily, and now on the eve of election the forces are so evenly divided that only the political bluffers are predicting success for either side.

The Democrats still insist the negro is the issue, but the newspapers have forced them to acknowledge that the election law is paramount. Because of election law is paramount. Because of election law is paramount. Because of election in Maryland been held two weeks ago it is probable that the Democrats with the Democrats and the is certainly deserving of credit for the wonderful accuracy of some recent predictions. But in the present matter under discussion I think the pro-

ars so evenly divided that only the political bluffars are predicting success for either side.

The Democratis etill insist the negro is the fassue, but the newspapers have forced them to acknowledge that the lection law is paramount. Because of its idlosyncrasies there is no telling how many ballots will be thrown out, it is estimated that in Ballimore City alone over 10,000 voters may be distranchised. It does not necessarily follow that the Legislature will be Republican even should they win the Governor. The fight for succession to the seat of United Biates Senator McComas is quite as in treating and was more activation.

The mejority of whichever side will blue sections. The mejority of whichever side will not exceed 500 in a total of 200,00.

LOUISVILLE, Ky., Nov. 1.—The State campaign closed with both parties professing confidence in victory, but with the advantage, to all appearances, resting with the Democrats. State Treasurer Hager, manager of the Democrats. State Treasurer Hager, manager of the Democrats campaign, asserts that Beckham will carry the State by \$20,000, while more conservative leaders estimate the probable plurality at from 18,000 to 15,000.

estimate the probable plurality at from 19,000 to 15,000.

The Hepublicans admit it is impossible without fraud to bring more than 2,000 plurality out of the mountains of the Eleventh district, but they also assert that they can come to Louisville strong enough to overcome 3,000 to 5,000 Democratic majority here. The Democrats are confident of 7,000 majority in Louis-

Commissioner Greene Tells Inspectors that Any Participation in Politics To-Morrow Will Meet with Punishment or Imprisnment.

Police Commissioner Greene called th ctors before him them that participation by the police in politics to-morrow would be met with punishment and possibly imprisonment He said that there was a law governing the police on election day and that any violation of it might senve the offender

to prison for two years. "Your first duty as policemen is to prevent rioting and keep the city peaceful. I shall hold the inspector in whose district there is rioting or fighting responsible for the conditions.

You simply must keep your men out of politics. Inspector Cortwright has made out a report to me transferring 1,000 policemen to the polling places and I have approved the order. If a district leader or election captain asks for a certain policemen to be detailed in precinct that is sufficient reason for a captain to send the man to some other precinct or to put him on reserve duty. If I hear of a policeman taking par either for one party or the other I shall punish him as goverely as the law

will permit. "I want the police to pay particular attention to the Lictior law enforcements. In issuing my first order regarding the closing of all saloons I followed the customs for elections. I now find that bars not within one-quarter of a Third Charge Made Against Mrs.

Elsie Peacock, Pretty Music Teacher, Who Has Already Been Twice Convicted.

That bars not within one-quarter of a mile of polling places on the run and that places with hotel licenses can keep open and sell liquor with meals. No bars within one-quarter of a mile of the polling places must remain open.

"There has been must complaint from city officials and private citizens because of the fires that occur in polling places after they are left by the election officers. Last year the fires cost the city \$20,000. There is no excuse for these fires. Please Instruct the pollice to see to it that there are no fires in the polling places to-morrow."
